**Elements of Risk**

Educational Activity Programs can involve certain elements of risk. Accidents may occur while participating in these activities and these accidents may cause injury. (i.e. scrapes, bruises, drowning,).

These types of accidents result from the nature of the activity and can occur without any fault on either the part of the student or the School Board or its employees or agents, or the facility where the activity is taking place. By choosing to participate in the activity, you are assuming the risk of an accident occurring.

All reasonable safety precautions will be taken and the risk of injury can be further reduced by the student carefully following instructions at all times.
