Dear Parent /Guardian,

If you and your student are interested in this opportunity, we ask that you please fill out the bottom portion of this letter and send it back to school by **Wednesday, May 1st, 2019**. What will the Extended French Program look like?

- The Extended French program will provide French language instruction for approximately 50% of the school week.
- This program is to support the French Immersion program already established at Valleyview School.
- The academic core of English and Math will be taught in English while an enriched French language program will be offered in History, Geography, Science, Health and Physical Education.
- The Extended French program will provide an open opportunity for all students to enrich their learning of a second language.
- Students in Grade 7 will be able to maintain a regular schedule that will allow them to access our popular Academy Program along with the enriched French language program.
