Principal's Message

On behalf of the Beaver Brae teaching staff and administrative team, I am pleased to present the Summer Programs calendar for 2019. Registration is now open. There is no cost for our students to participate in this program. All programming for the summer will take place at our Manidoo Biwabik campus due to the extensive renovations taking place throughout the school.

There are many reasons why students want to continue their academic journeys in the summer and we are happy to be able to offer a variety of programming at our offsite campus of Manidoo Biwabik (Seven Gens). Please review our student handbook for more information. If you attend a different school, please ensure you have your principal's permission to enroll in our programs so that you receive credit before you begin a course.

As students are selecting courses, guidance counsellors are available to discuss course options. If as a parent, you have any questions, please do not hesitate to contact the school. All contact information for school staff can be located on the school website. **Our students and parents/guardians will be registering by contacting Student Services- 468-6401 ext. 3161**

I am asking that parents support our purpose for summer programming in that it is not intended to allow students to graduate early or to have a number of 'spares' in their grade 11 and 12 year. Our goal of summer programming is to provide students with the opportunity to take courses to ensure they graduate on time with their peers or to take a course to free up their timetable so that other courses are available to them.

It is our belief that every child can have a successful outcome through a focus on academics, guidance and support. We are here to provide that opportunity and with parental support every child can become a Beaver Brae graduate.

Sincerely,

Tracey Benoit, Principal
